

USA – Culture Smart!

The Essential Guide to Customs & Culture

By Alan Beechey and Gina Teague

Who can afford not to understand the USA? Underneath the gleaming smile of American popular culture lies a rich and complex society that brims with contrasts and contradictions. It is a culture of rugged individualism, of go-getters, of high-tech high achievers. At the same time it is a deeply religious country with a quiet devotion to church and charitable works.

This new edition of *Culture Smart! USA* reveals a society in transition. In an increasingly polarized political and cultural climate, and with an ever-widening gap between the haves and the have-nots, the rise of social media has given more Americans a voice. As Americans wake up to a changing world where their global economic dominance is no longer assured, attitudes and behaviors are being challenged and reassessed across the land.

Culture Smart! USA takes you on a tour of the core influences and ideals that have shaped this great country and have driven the behavior and attitudes found on Main Street and in the workplace. It looks at Americans at work, at home, and at play, and provides the visitor with an up-to-date cultural road map of this dynamic, multifaceted society.

***Culture Smart!* guides are created to help travelers have a more meaningful and successful time abroad through a better understanding of the local culture. Chapters on values, attitudes, customs, and daily life will help you make the most of your visit, while tips on etiquette and communication will help you navigate unfamiliar situations and avoid faux pas.**

Today he is a dual citizen of the UK and USA, where his three sons were born, and is the author of the popular "*Oliver Swithin*" series of murder mysteries.
